REMARKS

Applicants respectfully make a request for the benefit of priority to an earlier filed co-pending case under 35 U.S.C. §119(e) and §120 and as set forth in 37 C.F.R. 1.78(a)(2), claiming the benefit of priority to the co-pending case U.S. Serial No. 09/722,441 (now allowed) filed on November 28, 2000, naming Paul D. Hanke, Lhing-Yew Li-D'Elia, and Holly J. Walsh as inventors. This claim for the benefit of priority is unintentionally delayed and this petition requesting said benefit of priority is accompanied by a surcharge for unintentionally delayed benefit of priority of an earlier filed case as set forth under 37 C.F.R. 1.17(t).

The earlier filed co-pending U.S. Serial No. 09/722,441 and the present application have one common inventor Lhing-Yew Li (formerly Lhing-Yew Li-D'Elia as listed in U.S. Serial No. 09/722,441 who is one and the same individual as Lhing-Yew Li listed as inventor on the present application). Said U.S. Serial No. 09/722,441 claims the benefit of priority to U.S. Provisional Application No. 60/184,130 filed on February 22, 2000 and to U.S. Provisional Application No. 60/173,707 filed on December 30, 1999. Applicants gratefully acknowledge the notice of allowability of U.S. Serial No. 09/722,441 mailed on February 9, 2005 and note for the record that the issue fee has not yet been paid as of the filing of this paper on April 7, 2005. The issue fee is due on or before May 9, 2005. U.S. Serial No. 09/722,441 is co-pending and Applicants respectfully request the benefit of priority thereto.

The present case was filed as a Request for Continued Examination (RCE) on December 7, 2004 and the deadline to claim priority to the earlier filed U.S. Serial No. 09/722,441 was four months from the filing of the parent case of the RCE. The parent case of the present RCE case was filed February 8, 2002. Thus the period for timely filing a petition for priority to the earlier

filed U.S. Serial No. 09/722,441 expired on June 8, 2002. The delay in filing this petition for benefit of priority under 37 C.F.R. 1.78(a)(2) from February 8, 2002 to the present was unintentional and Applicants respectfully request granting of the benefit of priority to the following earlier applications: U.S. Serial No. 09/722,441, filed November 28, 2000, which is a utility application claiming the benefit of priority to U.S. Provisional Patent Application Nos. 60/184,130 filed February 22, 2000, and 60/173,707 filed December 30, 1999.

Applicants enclose a Supplemental Application Data Sheet which sets forth the above-noted requested claim of the benefit of priority.

: Ref. No. 030738

CONCLUSION

Applicants respectfully submit the instant petition for the benefit of an earlier filed priority to U.S. Serial No. 09/722,441. Applicants reserve the right to withdraw this petition for benefit of priority during the course of prosecution of the present application.
